Dear Autodesk Education Team,

This letter serves as verification that the student below is enrolled in our Introduction to Engineering and Drafting/Architecture courses at Folsom High School. Over the next four years, they will explore Autodesk Fusion, Inventor Professional and Revit as part of our school's *Engineering and Architecture Pathway*. This letter was only shared with the students enrolled in the course.

Student: Akhil Gupta

We greatly appreciate the opportunities provided to students by your free education license. In the pre-pandemic era, we were fortunate to take a field trip to your public gallery along the Embarcadero in San Francisco and so enjoyed seeing it. Looking forward to making the trip again in the new space.

If you have any questions, please feel free to contact me.

Sincerely,

Tyler Johnstone
